Subject: T & J Tire

Erin,

I contacted Gregg Zimmerman from the former T & J Tire to let him know you would be there to conduct an inspection at his facility on Friday June 12th. He said he will be around in the morning. He is not normally at the facility, so I told him we will call him back with an approximate time for him to be onsite. He does not live too far from the facility so if things change he can be reached at (320) 815-6111. If you have an idea of when you wanted to start that inspection I'll give him a call back.

As I mentioned yesterday, I think this will be a short inspection. The USTs have been in Temporary Closure for several years. For purposes of the inspection I think all you need to do is measure the UST and ask about the CP, which he already indicated over the phone he has not done. It sounds like he plans to close the USTs soon if he can get the money.

-Mark
